

Richard Reading

Richard just loves a good book. He will read anything - books with facts, stories, newspapers, magazines - anything at all! He can get lost in the adventures in the pages and can learn so much from a book filled with facts.

Richard wants to encourage you to read as much as possible and take as many quizzes as you can. He knows that reading will help you develop your vocabulary and this will improve your writing. Richard recommends you read every day and wants you to love books forever!
