

Anthony Art

phillipmartin.info

Anthony Art enjoys all aspects of Art - drawing, sketching, painting and modelling. He wants to see you being expressive through Art, be bold and brave in your use of different media and believe in your own abilities. He also wants to see you take inspiration from other talented artists.

Anthony wants to see you using as many different words that describe Art as you can - line, tone, colour, pattern, shape and texture. He wants to see you describe your art work and to be able to explain why you used a certain technique or material.
