

Meet Harold: Our Longmoor History Curriculum Character!

Harold the Historian loves all the different elements of the past - Romans, Vikings, Aztecs, Egyptians and as well as famous people that lived in the 1900's. He understands that it is important that we can learn from people who have lived before us and that they have shaped our lives today.

When you are learning about events in History, he wants you to look at different sources of information and use terminology such as BC and AD. He wants you to enjoy the stories you hear, remember as many facts and dates as you can and to be able to talk about what you have learnt in each period of History.
