

Fred French

Fred loves all things French - the wonderful city of Paris and the amazing culture and cuisine! He wants to encourage you to learn how to speak French so you can develop this language at your next school and can speak confidently when you visit France on holidays.

Fred wants you to be confident in speaking simple French phrases, know numbers, colours, animals, greetings, foods and the weather. He wants the older children to experience writing in French and to be able to have a short conversation.
