

Rupi R.E

Rupi enjoys learning about all of the different religions throughout the world - Buddhism, Islam, Christianity, Sikhism, Hinduism, Judaism and how some people believe in different ideals like Humanists or Atheists.

Rupi wants to see you learn all about different special days, celebrations and stories that each religion enjoys. Most importantly, Rupi knows that we have to learn about other religions so we can appreciate that people have different ideas and that we can all share these together.
