

Year 3 Class News

Welcome back to a brand new school year at Longmoor! We're really looking forward to the year ahead and the exciting curriculum we have in store for you! Hold tight for a jam-packed year of fun and learning!

Autumn 1 2026-27

Maths

During the first half term, we will be working on place value, addition and subtraction. We will spend some time on each topic, taking a small step approach with the aim of mastering the learning and then moving on to using and applying the maths in to reason and problem solve.

Reading

Reading is a vital skill that supports all areas of children's learning. It is important that children are reading regularly to adults at home and having their reading record signed to complete the reading challenge earning a free book from Mrs Dainty. There are also lots of chances to earn rewards for hitting their Accelerated Reading targets of an 85% quiz average and reading for the average of 20 minutes per day. Now the children are in year 3, they will also be given log-in details to access the platform Reading Plus where they can complete reading lessons at home and in school to aid their reading fluency, comprehension, vocabulary, stamina, and motivation.

English

This term, our English will be based around the book 'Stone Age Boy' by Satoshi Kitamura

This book links with our history topic about the Stone Age.

Homework

Optional homework challenges will be set for each half term, where children can complete tasks of their choosing. There will also encourage to spend time on Ed Shed, Mathletics, TTRs and Reading Plus each week.

PE

This half term, we will be focusing on symmetry and asymmetry in Gymnastics and Outdoor Adventures. Our PE days are Mondays (indoor) and Fridays (outdoor). Please ensure that your child comes into school in their PE kit on these days.

Class Dojo

By now, we hope you have all joined your child's class on class Dojo, which will keep you up to date with the latest classroom news!

Topic

This term's History topic is all about children understanding the lives of humans in the three periods of the Stone Age.

Our topic is called '*How did Britain change between the beginning of the Stone Age and the end of the Iron Age?*'

Science

Our new science topic is "Why do humans have skeletons and muscles?" The children will be learning about skeletons, muscles and nutrition.

Class Webpages

You can find more information about our learning in Year 3 on your child's class webpage.

Diary Dates

Friday 4th September—INSET.

Monday 7th September—First day back for children.

Tuesday 15th September—
Stone Age Wow Day.

We look forward to getting to know you all and for a fun year of learning ahead.

Miss Mills, Mrs Howell and Miss Holland
